RED SKY PUZZLES MANY OBSERVERS

Much concern was aroused for about four hours Monday evening by a red spot in the sky. Apparently the reflection of a fire, from 7 to 11 o'clock it was seen over a large area in western Maine. It was noticed at least from Bethel to Skowhegan and in the Lewiston area and seemed generally to be located in the vicinity of Rumford. As no fire was reported it was generally considered to be of Northern Lights origin.

BETHEL AIRPORT ELECTS NAMES COMMITTEE

At the meeting of the stockholders of the Bethel Airport Corporation Tuesday evening the following officers were elected: president, Richard Davis; vice-president, Carroll Abbott; clerk, Gerry Brooks. A committee consisting of Richard Davis, Philip Chaddbourne and Carroll Abbott was chosen to investigate the future of the airport, including taxes and the possibilities of town ownership, to report at a meeting to be held in two months.

PLANS FOR NEW DAM AT ERROL ANNOUNCED BY POWER COMPANIES

Plans were announced this week for construction of a \$12,000,000 dam at Errol, N. H., to bring the level of Umbagog Lake up about 25 feet. The present dam has a head of 15 feet. The proposed dam will double the area of the lake. A tentative agreement to proceed on the project was announced by Walter Wyman of Augusta, president of the Union Water Power Co., and the Central Maine Power Co.

The new dam will be located just below the present dam, about three-quarters of a mile above Errol village. Part of the dam will be built of concrete, with steel gates, and the remainder of earth and rock fill.

It is estimated that 25 to 30 cottages will be flooded as the shore line expands. A large section of the Magalloway river will be affected by the higher dam, as well as several miles in the area around the Dead Cambridge river.

Although the proposed construction is planned for stabilizing the flow of the Androscoggin river for the benefit of industries, the greater water storage will provide much improved flood control. As in the past the project includes no facilities for generating electric power, but it will be designed that generators may be added.

Legal and financial arrangements for the dam are as yet in the preliminary stage.

The first Errol dam was built by the Androscoggin River Improvement Company which was incorporated in 1932, which was organized "to create a series of dams at the outlets of the various lakes, and thus cause an artificial rise of water to enable lumbermen to run timber from the remote logging camps above at any season of the year." Prior to 1933 three dams had been constructed. The lower dam, to Errol falls, was 200 feet long and raised Umbagog Lake nearly 10 feet. Middle Dam and Upper Dam raised their lakes 11 feet and 13 feet respectively.

1958 PROGRAM INCREASES TREE PLANTING PAYMENTS

Greatly increased annual payments will be offered land owners for planting trees under the Soil Bank's 1958 Conservation Reserve, according to William C. Chapman, Chairman of the Oxford County Agricultural Stabilization and Conservation Committee. Mr. Chapman stated that where the entire eligible land on a farm is planted to forest trees the annual rental payment beginning with contracts filed in 1958 can be more than three times the rate paid on 1956 and 1957 contracts.

The exact rates and regulations relative to 1958 Soil Bank contracts are expected to be announced by the Maine State A. S. C. Committee very soon. In the meantime the chairman says that the County A. S. C. Office is ready to receive the necessary information on their farm acreage from land owners who may wish to file requests for Soil Bank contracts later on.

In 1958 and 1957 43 land owners have entered 654 acres of land under the Conservation Reserve of the Soil Bank Act, according to records in the County A. S. C. Office.

MAINE HAS 65,000 ACRES CERTIFIED SEED POTATOES

The largest certification in the history of the Maine seed potato program was announced Wednesday by the chief of the Maine Department of Agriculture's Division of Plant Industry.

Paul J. Eastman said 65,032 acres have met all field requirements for certification. Both the number of acres certified and the entry set new records in the 43-year-old program.

More than three-quarters of the total acreage passed for certification was planted to potatoes of the Katahdin variety. Its 17,424 acres certified exceed the total certification in most years of the Maine program.

The previous record acreage for certification was 52,998 in 1947.

Principal varieties this year and last:

1956	1957
Katahdin	51,518 47,484
Sebago	2,634 4,889
Russet Burbank	8,844 4,414
Chippewa	2,313 3,156
Chippewa	1,715 2,264

Acreage from 26 varieties was included in the certification list announced yesterday.

MAINE CANCER SOCIETY HOLDS ANNUAL MEETING

Maine raised \$148,341.56 in the 1957 Cancer Crusade, according to audited figures released to the Maine Cancer Society's board of directors in annual meeting at Thayer Memorial Hospital Wednesday.

The Crusade total represents 110,657 of the goal of \$134,100 set for Maine by the national organization.

Irving I. Goodall M. D., pathologist at Thayer Hospital was re-elected to a third term as the Society's president. Robert E. Owen, Vassalboro, will continue as chairman of the executive committee; Miss Pearl E. Fisher R. N., Waterville, as secretary; and Samuel L. Forsaith, Brunswick, as treasurer.

Serving with Owen on the executive committee will be Dr. Goodall, Miss Fisher, Mr. Forsaith, Forest B. Ames M. D., Bangor, Romeo Isaac M. Webster M. D. of Portland.

Re-elected to a three-year term expiring in 1959 were the following directors: Mrs. George B. Conard and James A. Gillies Jr., both of Bath; Major-General Frank E. Lowe USAR (Ret.), Harrison; Captain A. McLeary M. D., Augusta; Joseph E. Porter M. D., Portland; and Owen.

New members of the board, elected to a three-year term to expire in 1963 are Armand Albert M. D. of Van Buren and William Mahoney M. D. of Ellsworth.

Mrs. Mary Leo Eaton, Bath, was re-elected executive director for the eleventh year.

Drunk can be deadly! October twelfth hours reduce driving vision and it is that tricky half-light between sunset and darkness that is most dangerous of all. The poor light plays tricks with a driver's vision, and those traffic signs and pedestrians are mighty difficult to spot. Our State Police advise us to play it safe—to SLOW DOWN AT DUNDOWN.

THREE AUTO CRASHES REPORTED NEAR BETHEL SAT. NIGHT

A 1952 DeSoto sedan driven by James A. MacDougall, 20, of Berlin, N. H., became a total wreck Saturday night, when it left the road and overturned near the Bethel line at Songo Pond. Edward Lemarre, also of Berlin, was taken to the Berlin hospital by ambulance but neither of the young men were reported to be seriously injured. The accident happened after the MacDougall car passed another while returning from a dance at the Songo pavilion.

Also returning from the Songo Pond dance were Gerry L. Andrews, 17, of Lovell, and Lee H. Andrews, 21, of North Lovell, when the 1955 sedan rolled over a ditch and landed upright at Hunt's Corner, Albany. The car, reportedly driven by Gerry Andrews, had just overtaken a station wagon operated by Harlan Hutchins of Bethel when it went out of control. Both young men were thrown from the car, suffering leg bruises. The car was registered to Edith Andrews of Lovell.

A new car belonging to Addison C. Saunders of Bethel received damage estimated at \$150 Saturday night when it left the road near the home of Paul Thurston at Mayville. It is reported that the car, driven by Richard Saunders, son of the owner, skidded as brakes were applied. Nine guard rails posts and a utility pole were smashed before the car was halted at the edge of an embankment. Neither the driver nor his passengers, Paul Murphy and Gerry Smith, were injured. The car had been delivered to Mr. Saunders that morning.

All three accidents were investigated by Trooper Kenneth Wing of Bethel.

MT. ABRAHAM FISH & GAME ASSOCIATION HOLDS OCTOBER MEETING

The regular meeting of Mt. Abraham Fish and Game Association was held at the town hall, Locke Mills, on Oct. 19. The meeting was preceded by a pot luck supper.

The meeting was called to order by President Arthur Gilbert with 39 present. The secretary's and treasurer's reports were read and accepted. It was voted to have the secretary write to Winchester Arms to see if Herb Parsons could do some exhibition shooting for the Association if the Field Day was held as usual the first week end in August. He couldn't come then and could be present either the Saturday before or after the club voted to change the date of the Field Day.

It was voted to try to get Miss Shirley Bartlett to show her slides and tell us of her trip to our November meeting.

Herman Bennett reported on the state meeting.

Arthur Cummings and Arthur Gilbert were chosen to operate the new projector. It was also voted to insure the projector.

Herman Bennett was appointed chairman of the stocking committee and appointed Maynard Chase, Harold Dunlap, Arthur Pfander and Lewis Cole to assist him.

An auction was held with Arthur Pfander as auctioneer and \$12.57 was taken in at the Auction. Movies were enjoyed after the meeting.

EXTENSION GROUP HOLDS MEXICAN SUPPER

The Bethel Evening Extension Group observed its "Know Your Neighbors" program with a Mexican supper Tuesday night at the Methodist Church. Thirty-five members and guests enjoyed the supper featuring spicy and tasty recipes from Mexico. The tables were attractively decorated in Mexican style by Mrs. Fern Jordan. The supper committee was Mrs. Thelma Gilman, Mrs. Abbie Brown, Mrs. Shirley Heenan and Mrs. Betty Perkins.

After the supper Mrs. Janet Richardson shared slides and gave a delightful talk about her year of travel and study in Mexico. She also displayed many attractive souvenirs of her visit.

The Week in Oxford County

Extensive repairs have been made on the tower at the Deering Memorial Church, South Paris. The tower clock which is in the tower is again running, after two years of silence.

Construction is progressing on a new business block for Goodwin's, Inc., on Park Street, Norway. The business, originally the Freehold Home Insurance Company, has been in the same building on Main Street for ninety years.

Harold C. Perkins announces he will run for election to the school board of the new town of West Paris. Mr. Perkins says he will resign his position as chairman of

the Paris school board as soon as the warrants are posted for the first town meeting in the new town.

Bernard E. Drake of West Sumner is held by Oxford County authorities on a murder charge following the death of his son, James, 21, from gunshot at their home last Sunday morning. Dr. Drake's wife and daughter, Sharon, are hospitalized from gunshot wounds received at the same time.

A drive for funds to aid in multiple sclerosis research has been organized in North Paris for Southern Oxford County. It will be a house in house campaign scheduled for 7 to 9 p. m., October 31.

GOULD ACADEMY

Gould Academy will travel to Mexico to meet the strong Pinto aggregation. The Mexico eleven is highly favored to win as Gould lacks speed and experience to cope with the talented opponent, who has jumped into a stronger bracket in the reclassification of teams. The Huskies with a 2-2 record will be in there trying, however, and hope to make a respectable showing.

Gould 37-Berlin 6
Gould won an easy victory here over Berlin, N. H., as they scored in every period to run up a 37-6 score.

Al Sumner scored the first T. D. from seven yards out after a sustained 66 yard march. A 17 yard run by Gerry Smith helped set up the first score.

Gould scored twice in the second period. The first was on a 45 yard pass play, Sumner to White, with Ted scampering the last 25 yards to pay dirt. The second T. D. came soon after as Dallinger took a short Berlin punt from the Berlin 46 yard line to the 33. Hill made two yards, Nichols romped for 24 and then Sumner scored through his own right guard from the 7 yard line. Smith kicked the only extra point of the game.

The second half started with the Berlin kick-off going out of bounds to give G. A. the ball on their own 40. Smith started it off with a 23 yard run followed by 15 yards by Sumner. Three plays later Smith went through the center of the line for a 13 yard T. D. run.

On the last play of the third period Ted Cummings recovered a Berlin fumble on a punt reception and ran the ball to the Berlin 15. On the first play of the fourth quarter Pete Nichols went over his own right tackle for 15 yards to make the score 31-6. Passes set up and scored the final T. D. Passes, White to Sumner for 11 yards and White to Smith for 15 yards, put the ball on the 8 yard line. After one incomplete pass White tossed to Steve Watson who fell into the end zone for the final tally, making the score 37-6.

The highly regarded Charlotte of Berlin never could get away from the hard charging Gould line. Agrodinis was Berlin's hardest worker and best ground gainer.

The first downs were 15 to 8 for Gould. The Huskies passed 10 times, making 5 good for 92 yards and two touchdowns. Berlin passed 11 times and completed one for 13 yards and had two intercepted Girls' A. A. Tea by Ruth Willard.

Passing by the girls dormitory on Thursday, October 17, directly at the close of school at 3:15, you would have seen a group of girls on their way to the A. A. Tea. Perhaps many new faces would be seen, for this was only for the freshmen and upperclass new girls.

The tea, sponsored annually by the Girls' A. A. is to acquaint the girls with one another and mostly with the A. A. The council is made up of officers, class representatives, and the sports managers.

It has already proven itself an active group.

Created by members of the council, the girls soon began to feel at home and the tea lost any air of formality. Refreshments of punch, sandwiches, and cookies were served, followed by a short entertainment program. The girls all felt feeling that they had fully enjoyed their afternoon and that their questions concerning girls' sports had been fully answered.

Gould Thinsleds Win Final Meet
Gould Academy's Cross Country runners came through with a 22-33 victory over Hebron Academy here last Tuesday to complete a very successful season. Don Angevine finished first in his best time of the year at 13 minutes and 22 seconds. Dick Grover, as usual, followed in second place and Bernier finished third to give Gould the first three places. Gould's other scoring members were Carter 7th, and Lincoln 9th.

Bill Kimball led the Hebron pack finishing in the 4th position.

The postponed Fryeburg meet has now been definitely cancelled, which gives the Huskies a 3-1 record. The team will travel to Orono

WOODSTOCK HIGH

This year Woodstock is a six-year High School of 78 students. Officers of the separate classes are as follows:

The annual Curtis Publishing Company magazine campaign was

held Sept. 20 to Oct. 7, inclusive. It was quite successful with almost 1500.00 subscribed. Magazines should start to reach the folks who helped us sometimes in December according to word received from the Curtis office in Philadelphia.

Our five top salesmen were: Gilbert Haskell, grade 8; Stephen Howe, grade 9; Linda Waterhouse, grade 9; Charles McAllister, grade 9, and Beverly Roberts, grade 10. These "supersalesmen" are now awaiting special individual prizes and certificates. The Sophomores had the largest class sales percentage, and were rewarded with an ice cream party Oct. 17 at noon.

"The modern enlightened business concern no longer feels that its functions are confined to its own business operations. Rather, these functions extend beyond the door-steps of the plant and move out into many segments of community life....The more acute the community problems, the more needed there is for this kind of service."—Thomas M. Hennessey, Vice President, New England Telephone & Telegraph Co.

Next week to defend their State Championship won last year. Prospects for the future look very bright with only Captain Dick Grover graduating from the team.

LETTERS TO THE EDITOR

To the Editor:

We feel that it is time to present more information and thoughts concerning the Bethel Industrial Commission's attempts to raise Bethel's economic standing.

As you know, Commissioner Clough of the Maine State Development Council, addressed the Chamber of Commerce recently. Though the talk was factual and informative I was disappointed that Mr. Clough seemed to stress our need for economic help without giving us much to stimulate our imaginations in other directions and I feel strongly that our local timber potential is getting close to its last look. If the mills we now have survive, their need for help is going to fluctuate to the point of little security for our laborers and as far as I know the only person anyone receives by Bethel employees is social security added through the years by Christmas bonuses by the better established firms. This has worked fine for years with satisfaction by both parties but we find ourselves in such a speeded up world after two wars and the resultant inflation that certainly any scratch town puts its eggs in more than one basket. If any brassy person can come up with the three genius to plant life and speed up the growth of a tree as quickly as a chess saw can cut them down, we'd have it made. Even Frank's spruce will take second place. And don't think the industrial revolution is over yet. Everyday some gadgety brilliant machine takes the place of hands with only ten fingers. More brains than for all. We've never had it so good and before time without pay.

That is why some of us have been clamoring for some time and are trying to remedy this situation. Now the changes really start. For example a steamship sailing at the (Bethel) Chamber of Commerce meeting and there a UNO (Bethel) is set

REV. ROBERT H. HARPER

RECENTLY, on a stretch of highway paralleling a railway track, the writer drove by a freight-train wreck of a hundred cars that were strewn along the right-of-way. Several days after the wreck had occurred, the wrecking crew was still at work. The whole destructive incident had been caused by a bad journal on one of the hundred cars.

Think now of other wrecks, both of property and human beings. Here's a young man, bright with high hopes for the future and gifted with strength, who comes quickly to wreck and ruin all because of one weakness in his character that at length darkens his life and leads to disaster in the end. A drunkard's ruin and a gambler's hell may dispel all hopes of happiness and well-being.

The Bible abounds in examples of ruin brought on by small sins that grew bigger and bigger until the whole man was evil, as in the fiction case of Dr. Jekyll. In modern life, we find many instances of moral ruin induced by indulging in sin. For "when it is finished, bringeth forth death." Then, knowing that good can grow, as well as evil, let us cultivate that which is good and that has the power of its own reproduction and growth.

midst. He informed us that he had had a conversation with an industrialist who said he would like nothing better than to set up a plant in a community like Bethel to employ some 200 people (a good percentage women). The parts to be manufactured were likened to electronic parts. This he would consider if the town was agreeable. But is the town agreeable? For some strange reason a plant to employ 200 people immediately dredges up a picture of 200 pinched families arriving in jalopies and wheelbarrows immediately creating pandemonium in our quiet little town. One can almost see the civilian relief volunteers setting up soup kitchens for the poverty stricken refugees. Of course, this outlook is erroneous. That a few families would move in is a certainty. Our survey proved in good round figures that local commuting individuals given fair wages and modern benefits would prefer to work right here in Bethel. Also we have 15 to 20 young people graduating from Bethel every year these not going into higher education, immediately have to leave town to find employment. On the commuting side, as many of our own townfolk commute 30 miles a day. I assume this would be put in reverse from communities surrounding ours. A plant of this type might cause some growing pains but I feel that it would not be as critical as our timid nature would lead us to imagine.

being followed up with the help of the Maine Industrial Commission. If this industry survives the screening given by the experts then our own personalities and attitudes will be under fire. Let's remember that even big game hunters retreat from unfriendly natives to put it frankly—industrialists are people too.

Our zoning board has had a meeting and the chairman of this group, Henry Hastings, informed me that they are waiting for some literature from Augusta and will proceed immediately. This is very important as we as a town are more or less at the mercy of any land owner and if he wants to erect a sawdust pile or a slaughter house whether it's for the good of the community or not. Mr. Clough did caution that too many zoning rules are set up with a "what can't be done attitude" when a "what can be done attitude" is more beneficial to the community. Let's hope we can maintain a can do attitude.

Thursday, October 24
Read I Corinthians 3:1-9.
We are fellow workers for God; you are God's field. God's building. (I Corinthians 3:9, RSV.)

THOUGH the kingdom of God is not of this world, this fact does not eliminate our responsibility in its establishment. The Apostle Paul says that we are fellow workers for God. God works through us when we dedicate ourselves completely to Him.

The early church started in homes. One of the ways we may work with God is to be ready to transform our homes into "preaching tents." Some years ago I met a certain lady in a church. She was complaining that it took her four hours to go to and from church. She had moved to another village where no church was established.

I suggested to her that her home could be the nucleus of a new church in the village where she lived. A few weeks later I led the first service in the living room of her home. A few months later the garage was made into a sanctuary. Within one year property was secured. Today in that village there is a lively congregation, a sanctuary, and a parsonage. All started in that home.

Prayer
Our heavenly Father, we want to be Thy fellow workers. Teach us to be faithful servants of Thine. Help us to use our homes as instruments of Thy grace in the building of Thy kingdom. In the Saviour's name we pray. Amen.

Are we ready to work with God through our homes for the spreading of the kingdom of God?

Conservation Farming

In Oxford County

by Douglas L. Marston
Soil Conservation Service

Tree planting on the burned-over land in Brownfield, Fryeburg and Denmark is proceeding well and we hope to be finished with this year's planting by the time this reaches the press.

Any person interested in planting burned-over land under the special provisions of the Soil Bank Program should contact Doug Marston, of Soil Conservation Service or Cliff Swenson of the Maine Forest Service. A limited supply of trees for this program will be available next spring.

Lester Wiley of Norway plans to develop a 2-acre swamp area into a pond this fall. The area is of no value in its present condition and Mr. Wiley plans the pond for fire protection, fishing and to improve the general appearance around his buildings.

RESOLUTIONS OF RESPECT
WHEREAS, our Heavenly Father in his infinite wisdom has called our brother, Sherman Newton, from his earthly duties to his eternal rest.

BE IT RESOLVED that Alder River Grange has lost a loyal member of long standing and the community a good neighbor and friend.

BE IT RESOLVED that we not only mourn the loss of our brother but share with his widow and family their sorrow in their bereavement and extend our deep sympathy.

BE IT RESOLVED that a copy of these resolutions be sent to the family, a copy spread on our records and a copy sent to The Bethel Citizen for publication.
